Dear Mrs. Hanson:

I am currently doing research on the Winchester House in San Jose, and in a conversation with Mr. Louis Cavallaro, he mentioned that your husband was born and raised at the House. Mr. Cavallaro suggested that you may have some information and possibly some photos that you might share with me.

I would like very much to come up to Davis and interview you. Very few people are around today that have knowledge about Sarah Winchester.

If it is possible to talk with you, please call me collect at (408) 247-2000, so we can set up a convenient time.

2001

Thank you very much for your time and consideration.

Sincerely,

Roger LaFountain

Dear Mrs. Hansen:

I would like to thank you for your generous donation of your husband's books signed by Mrs. Winchester. They are such an excellent addition to our information and will go nicely in our new museum.

My offer still stands anytime you are in the area, stop by and I will show you around.

Again, thank you and know that your donation is very much appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Roger La Fountain".
